

COMPANY INFORMATION

HISTORY

1992 MicroCoat Beschichtungstechnik J. Maier OHG

1995 MicroCoat Biochemische Produkte GmbH

2003 MicroCoat Biotechnologie GmbH

CERTIFIED

EN ISO 9001/12.2000; 13485/11.2000

FIRST CERTIFICATION

6-10-1996

Laboratory Accreditation
(DIN EN ISO/IEC 17025)

MicroCoat Biotechnologie GmbH

Am Neuland 1-3

FROM THE IDEA TO THE PRODUCT

MICROCOAT

Biotechnologie GmbH

YOUR OEM-PARTNER IN THE FIELD OF IMMUNE AND NUCLEIC ACID DIAGNOSTICS

MANUFACTURING

- Coating of Solid Phases
- Manufacturing of Reagents and Kits
- Downstream Processing

RESEARCH AND DEVELOPMENT

- Development and Validation of Assays
- Protein Chemistry (Modification/Conjugation)
- NA-Preanalytics, Qualitative and Quantitative PCR-Analytics

SERVICE

- Analyte Screening, Method Comparison
- Assay Evaluation
- Establishment and Maintenance of Sample Panels
- Measurements of Samples for Clinical and Toxicological Studies

FROM THE IDEA TO THE PRODUCT

MANUFACTURING

SOLID PHASE CHEMISTRY AS MAJOR TOOL FOR THE DEVELOPMENT OF DIAGNOSTIC ASSAYS

- Microplates from different Providers and of all Formats
- Beads, Tubes, Membranes...
- Microarrays

Coating with Proteins, Antibodies, Antigens and Oligonucleotides

DOWNSTREAM PROCESSING

- Kit Manufacturing
 - Modification and Conjugation of Proteins
 - Filling Line, Lyophilization, Packaging
-
- More than 10 Years of Experience in Solid Phase Chemistry
 - World Wide launched Products
 - Manufacturing in compliance with GMP (clean room)
 - EN ISO 9001/12.2000; 13485/11.2000

QUALITY IS OUR BASIS

THE BASIC TOOL FOR
MODULAR SYSTEMS

RESEARCH AND DEVELOPMENT

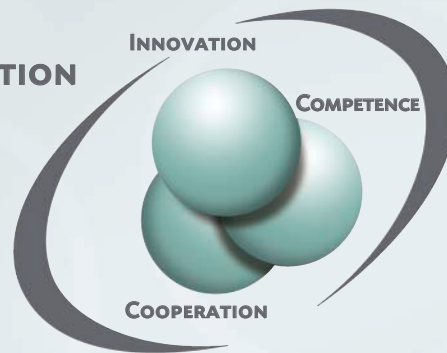

- Reagent and Assay Development
- Validations
- Protein Chemistry
- NA-Prenalytics, Qualitative and Quantitative PCR-Analytics

Tailor made Products: Product Development according to Customer Specification

USE OUR KNOW-HOW FOR YOUR PRODUCTS

INNOVATION BY COOPERATION

SERVICE

IN THE FIELD OF IMMUNE AND NUCLEIC ACID DIAGNOSTICS

- Analyte Screening
- Method Comparisons
- Assay Evaluations
- Measurements for Clinical and Toxicological Studies
- Establishment and Maintenance of Sample Panels

PROFESSIONAL PLANING, REALIZATION AND DOCUMENTATION

In Accordance to Your Order, in Compliance with Regulatory Rules

YOUR PARTNER FOR β -SITE TESTING
